Audience: Students, faculty etc.

Outcomes:

Startup India Scheme is to build a strong ecosystem for promoting innovation and startups in the country. Further, such a drive would encourage sustainable economic growth and create large scale employment opportunities.

India Startup Day

"India Startup Day is our way of reaffirming our commitment to enable the developer and startup community through our tech programs and to celebrate stories of founders and leaders applying technology to solve current and future societal challenges. This will also be an opportunity to learn more about the challenges this new generation of entrepreneurs face and meet the business leaders and policymakers who are building the future."

This a great opportunity for startups to showcase their innovations to the industry, get a ticket to the big league and a platform to network with the biggest names in the industry. Ministry of Education (MoE) Institution's Innovation Council (IIC), Women In Engineering (WIE) and Engineers Without Border (EWB) has organized a Quiz competition for students. 120 students, faculty from various colleges participated in this online activity through which we tried to create awareness of startup and its importance.
