

Continuous Internal Evaluation (CIE)

In technical education, the assessment has to be of the achievement testing type, so that a student's knowledge, understanding and competence in the subjects studied are properly assessed and certified.

Typically achievement testing is done in two parts as follows both of them being important in assessing a student's achievement:

Sessional:

Involving Continuous Internal Evaluation (CIE) , to be conducted by the subject teacher all through the semester; and, to include mid-term tests, weekly/fortnightly class tests, home work assignments, problem solving, group discussions, quiz, seminar, mini -project and other means.

Terminal:

Covering Semester End Examination (SEE) , to be conducted by the subject teacher jointly with an external examiner at the end of a semester, on dates to be fixed at the University level; and to include a written examination for theory courses and practical/design examination with built-in oral part for laboratory/design courses.
