Name and Address of Company: Sandip Institute of Technology & Research Centre,
(Department of Electronics & Telecommunication), Nashik.

Objectives: To Commemorate the Birth Anniversary of our late president – Dr. A P J Abdul Kalam and to motivate students should get to do dare to dreams.

Glimpses Of Event:

To Commemorate the Birth Anniversary of our late president – Dr. A P J Abdul Kalam; SFSITRC has organized “Innovation Day” on October 15, 2019. Dr. Kalam was not only a renowned Scientist but a great human being who always motivated youngsters with his humble teachings and inspiring words. Significant Contribution of Dr. A.P.J. Abdul Kalam in Nation Building” were discussed and deliberated upon by Students of Second year E&TC Engineering along with faculty members. Symposium includes the theme of DREAMS. To Dare a Dream always needs humbleness, creativity, passion, and perseverance for perfection and inspires their heart, mind, and soul to fight it out for their dreams. Students has shared their dreams and decided the path for how to achieve them. Necessity is the mother of invention, SFSITRC has always been an innovative idea in itself. Innovation is important to the advancement of society. New and innovative products have increased the standard of living and provided people with opportunities to improve their lives. Breakthroughs in medicine and technology have had dramatic impact to individuals and communities alike. According to McKinsey, 84% of executives say that their future success is dependent on innovation. In addition to the fact that innovation allows organizations to stay relevant in the competitive market, it also plays an important role in economic growth. The ability to resolve critical problems depends on new innovations and especially developing countries need it more than ever. Dreams are important because dreams are thoughts. You see, when you are dreaming, you are thinking, but on a much deeper and focused level than when you're awake.

Outcome: Students has discussed on innovation and their own dreams. Students were able to go and choose required path.
