

**Sandip Foundation's
Sandip Institute of Technology & Research Centre, Nashik
Department of Electronics & Telecommunication**

Date:03/10/2012

Name of Event: Expert lecture of Electronic Product Design.

Date : 01/10/2012

Name of resource person: Prof. V.B. Baru

Name and Address of Organization: Sinhgad College of Engineering, Vadgaon Bk. Pune

- Objectives:**
- 1) To know about the concept of PCB Design.
 - 2) To know the types of communication link and power budget.
 - 3) To know the Design Consideration of communication System.
 - 4) To know about software design in electronic product design.

- Outcome:**
- 1) Participants understood steps to be followed to Design the PCB.
 - 2) How to solve problem on communication link and power budget..
 - 3) How to write about Equalizer, PLL, Interleaver .
 - 4) How to use software in electronic product design.
