Department of Electrical Engineering

Academic Year 2018-19

Report on Induction Program

Event Title: Induction Program for First Year Electrical Engineering Students

Event Date: 10 August 2018

Event Conduction Duration: 10.30 am to 12.15 pm

Event Venue: Electrical Engg Dept, BE Class Room, E Building

Event Resource Person Details:

Name of Event Co-ordinator: Prof.R.V.Deshmukh, Prof.R.B.Sadaphale

No of Participants: 38 FE Students

Event Objective:

- To reduce the initial anxiety all new entrants feel when they take admission in a new organisation.
- To familiarize the new students with the institute, students, staff, departments, educational environment and the organisation.
- To facilitate outsider – insider transition in an integrated manner.
- To reduce exploitation by the unscrupulous environment.
- To reduce the cultural shock faced in the new institute.

Outcome:

- Students were able to reduce anxiety, nervousness, and absenteeism.
- Students learned to minimize the reality or cultural shock on joining a new institute.
- Students were capable of integrating themselves into the organisation and also able to foster the feeling of belongingness to the new organisation.
