

SANDIP FOUNDATION'S
SANDIP INSTITUTE OF TECHNOLOGY & RESEARCH CENTRE, Nashik
DEPARTMENT OF ELECTRICAL ENGINEERING
S.E .Sem-1
Academic Year 2016-17

Industrial Visit Report

Name of Industry: Sunny Capacitors, Nashik

Address: Plot No: G-33, M I D C, Satpur, Nashik, Maharashtra 422007

Managing Director: Mr.Rohit Sule

Industrial Visit: Dated 26th Sept. 2016 from 11.00 am to 3.30 pm

Organized For: S.E, Electrical Engg

Name of Staff Visited: 1.Prof.D.S.Badgujar

2.Mr.G.Sanap

Visit Co-Ordinator: Prof.D.S.Badgujar

Objectives:

- To classify different materials from Electrical Engineering application point of view.
- To understand various properties and characteristics of different classes of materials.
- To select materials for applications in various electrical equipment.
- To impart knowledge of Nano-technology, battery and solar cell materials.
- To develop ability to test different classes of materials as per IS.

Outcomes:

- Students understood the process of manufacturing, testing and working of Capacitors.
- Students had a clear knowledge about the materials used for the manufacturing of Capacitors, classification and rating of capacitors.

- Students observed various working ranges of capacitor and also understood the importance of capacitor in different applications.

Electrical Engg Dept Staff and Students of Sandip Foundation,SITRC @ Sunny Capacitors Pvt Ltd

.Mr.Rohit Sule explaining the working of Power Capacitors to SE Students.

SE Student observing the process of Manufacturing of Power Capacitors
