Report on Industrial Visit

Event Title: Industrial visit to Yash Capacitor Pvt Ltd. Nashik

Event Date: 7th September 2017

Event Conduction Duration: 10.10 am to 1.30 pm

Event Venue: Yash Capacitor Pvt Ltd. Ambad, Nashik

Name of Visit Co-ordinator: 1.Prof.D S Badgujar 2.Prof.A.V.Satpute.

3.Prof.S.De

Event Objective and Outcome:

This industrial visit was very successful and students will have definitely an added advantage of practically observing the process of Manufacturing , Testing and Working of the Capacitors and what are the materials required for the manufacturing of Capacitors. Application Based, Custom Made Capacitors working range from 0.6 Micro Fard to 25 KV Farad. Various Processes involved in Manufacturing of Capacitors including packeging.

Prof.S.De with SE , Electrical Engg Students at Yash Capacitor Pvt Ltd, Nashik

Students observing the Manufacturing of Different kinds of Capacitors

Instructor explaining different materials used in capacitor making process
