

**Sandip Foundation's**  
**Sandip Institute of Technology & Research Centre, Nashik**  
**Department of Electrical Engineering**  
**Academic Year 2019-20**  
**Report on Industrial Visit**

**Event Title:** Industrial visit to Yash Capacitor Pvt Ltd. Nashik

**Event Date:** 4<sup>th</sup> October 2019

**Event Conduction Duration:** 3.5 Hrs

**Event Venue:** Yash Capacitor Pvt Ltd. Satpur, Nashik.

**Event Resource Person Details:** Mr.J.Borse,

**Name of Event Co-ordinator:** Prof.A.V.Satpute,Prof.N.J.Helonde

**No of Participants:** 44 Students (SE)

**Event Objective:**

1. To classify different types of capacitors.
2. To understand the manufacturing process and testing of different capacitors
3. To know the application of capacitor in various sectors and to get an idea about different range of capacitance and their power rating

**Outcome:**

1. Students understood the manufacturing, testing and rating of capacitance.
2. Students got the thorough knowledge about several material used in the manufacturing process of capacitance and also came to know about the different steps of manufacturing.
3. Students learned the application of several range of capacitors and their applications.
