

Sandip Foundation's
Sandip Institute of Technology & Research Centre, Nashik
Department of Engineering Sciences and Humanities

Date: 11th November 2017

Name of Event: “Poster presentation on Gender equity”

Location : A-Building, ESH Department, SITRC

The Millennium Development Goal for gender equality in education by 2005 has been criticised for its grandiose ambition. To be transformative, gender mainstreaming should then be not only a strategy of displacement, but also a strategy of empowerment. Global Gender Issues in the New Millennium connects the inequalities between and among women and men. Engineering sciences and Humanities department is very sensitive about this, hence department has organized “Poster presentation on Gender equity” for first year Engineering students on 11th November 2017.

Principal, Dean and all Hod's were present for the programme.
