

## **Sanitary Napkin Vending Machines and Incinerators**

Govt of India has taken the initiative and issued the GR (**Govt. Circular No. D. O. No.4-160(10)/2013-NCW dt 03/09/2014**) to install the vending machine which can provide sanitary napkin in emergency. With proactive action of Department of Electronics & Telecommunication SITRC has decided to designed and developed the sanitary napkin vending machine and Incinerator. It promotes healthy practices among Indian population by the way of Healthy practises and safe disposal of used napkin pads. For this, We have launched two products in the market for sale Under the roof of Carrot Technology Pvt Ltd. Automatic Sanitary Napkin vending machine, 'Easy Vend' which will provide the napkin in emergency and Incinerator, 'Easy Burn', to burn the used napkins at affordable cost. It is developed by the women for the women as we support the Women Empowerment. We are promoting Menstrual Health of women and adolescent girls by ensuring availability of quality Sanitary Napkins through Sanitary Napkin Vending Machines with ensuring safe & environment Friendly disposal of used Sanitary Napkin through Incinerators. We have taken target to educate people about safe Menstrual Hygiene alone may not be sufficient to induce behaviour change in our community. It has to be complemented with facilities such as providing the products at the time and place of requirement. For the same on 1<sup>st</sup> March 2018 government has circulated GR (**अस्मिता 2018/ प्र. क्र. 33/ योजना – 3**) which says that the sanitary napkins should be provided to girls who comes under the age of 11yrs to 19yrs in schools. In view of the stigma and social taboo associated with/sanitary napkins, majority of the girls/women, feel embarrassed and hesitate to go to the commonly known, manned and often crowded conventional/medicine outlets for sanitary napkins, resulting in un-safe practices, and use of unhygienic materials during menstrual periods. On other hand, Disposal of the used Sanitary Napkins has been a very common problem everywhere. Girls do not like to carry their used Sanitary Napkins or Pads to a bin in front of family and friends. The most common way she uses is, flush it into the drain. Both the above way of disposing sanitary napkins creates problems. So it's required to destroy it permanently through incinerator which helps to keep environment clean and hygienic.

### **Our Products:**

- Dual Mode (Cashless and Coin based)Sanitary Napkin Vending Machine
