Date: 27/06/2016 - 1/07/2016

Name of resource person: Innovation's Unlimited, Bengaluru, Karnataka

Venue of Event : Sandip Institute of Technology & Research Centre, (Department of Electronics & Telecommunication),Nashik.

Objectives: Placement Training Recruitments are an important aspect of any student's life. In today's time, aptitude tests have become an essential part of all psychological assessments in current job scenario. They are designed to measure a candidate's ability to perform well in a given situation or in a specific domain area. A candidate's ability to comprehend instructions, to apply previously acquired knowledge and skills, to make good inferences and to manage emotions while doing any of these can be defined as Aptitude. It helps the employers to analyze how a candidate would perform if inducted in a specific role and whether he/she is suitable for that role or not. There is no doubt in it that whereas newer opportunities for employment are emerging fast, selecting a career has become equally difficult. In such a condition, the only hope that looks to the youths is the aptitude test. Personal Interview, which is mostly the last to come in the whole interview process, is again the crucial part of the selection process. Due to the huge gap in the availability of skilled manpower and its requirement in the industry, most of the time selection process virtually turns to be an elimination process.

It is a commonly observed fact that the students often have problems to face Group Discussions and Interviews, despite of good aptitude. This is because, apart from sound domain knowledge, there is something extra that a candidate needs in order to get through these breathtaking interview processes. You need right mix of attitude and appropriate techniques to crack GDs and PIs.

This program is meant to imbibe and inculcate the right mix of aptitude and attitude and to equip the future aspirants with the skills and techniques that will empower them to face GDs and PIs confidently.

Topics Covered:

- Group Discussions,
- Interview Tips,
- Personality Development,
- Written tests on – Aptitude,
- Psychometric,
- IQ and Brain Teasers,
- Mock Interviews – technical as well as HR

Outcome: After completing this session , the students will be able

1. To develop a scientific methodical approach to take up aptitude tests.
2. To channelize and utilize the correct skills needed to solve most critical aptitude tests.
3. To develop qualitative and time bound approach while solving the test.
4. The analytical and conceptual reasoning skills will be sharpened.
5. Concept wise teaching of all the topic (non-formulae based training)
6. Vedic math's will be taught to the students because of which speed of calculation will increase.
7. Understand the process of GD and PI.
8. Overcome the lack in confidence due to ignorance of the process.
9. Face the GDs and PIs with elevated confidence level.
10. Present themselves in more employable way.
11. Skill fully tackles even the most trivial questions in interview.
