

**Sandip Foundation's  
Sandip Institute of Technology & Research Centre, Nashik  
Department of Electronics & Telecommunication**

---

**Date:** 13/01/14

**Name of Event:** Three day workshop on “**LEARNING EFFECTIVE DOCUMENT WRITING USING LATEX**”

**Date:** 10<sup>th</sup> -12<sup>th</sup> January 2014

**Name of resource person:**

Mr. P. S. Aswale  
Assistant Professor, E & TC Department,  
SITRC, Nashik.

**Objectives:**

The aim of this workshop is to introduce LATEX to the participants and expose them to its various abilities. The stress of the workshop was on the software LATEX for mathematical type-setting.

- Get beginners familiar with using latex.
- To empower all Third year students to use Latex for preparing their mini project and seminar report using Latex.
- Improve the quality of presentation.
- Provide basics of the Latex environment and guide through practical sessions

**Outcome:**

In this workshop a hands on practical exposure is on LaTeX. The participants understood

1. Installation and use of LaTeX software.
2. The basic input file structure.
3. Various commands of formatting, how to insert figures, equations etc.

At the end of this intensive hands-on workshop, the participants should have gained sufficient knowledge to write project/seminar reports using LATEX.

## **PARTICIPANTS**

T.E. Students ( E & TC) . Total participants were 44.

## **TECHNICAL ARRANGEMENTS**

A total of 20 computers were arranged for practicals, with an LCD projector for lectures and demonstrations etc. Some students were brought their own laptops.

## **Photos:**
