

Sandip Foundation's
Sandip Institute of Technology & Research Centre, Nashik
Department of Electronics & Telecommunication

Date:16/10/2014

Name of Event: Hands-on Training on NS-2

Name of resource person: Prof. Mangesh M. Ghonge
Assistant. Prof. Department of Computer Engineering,

Name and Address of Company: Jagadambha College of Engg. & Tech., Yavatmal

Objectives: 1) To know the software NS-2
2) To have a hands on NS-2

Outcome: 1) Participants learn the the installation of NS-2
2) Participants learn how to crate nodes in WSN.
3) Participants learn how to create UDP & TCP Agents in NS-2.
4) Participants learn how to implement 50 dynamic & stationary nodes topology for transmission & record QOS parameters of the networks.
5) Participants understood different routing protocols & attacks in WSN.
