

Sandip Foundation's
Sandip Institute of Technology & Research Centre,
Mahiravani, Nashik
Department of Electronics & Telecommunication Engineering

Date: 27 and 28 March 2015

Name of Event: MSP430 Microcontroller based designs

Date of Event: 27 and 28 March 2015

Co-ordinator: Prof. Joshi V. V.

Resource Persons:

Dr. Y. S. Rao

Professor & HOD (E&TC)

Bharatiya Vidya Bhavan's

SPIT, Mumbai-400 058, India

Objectives:

The objective of this event is to make students of TE E&TC familiar with powerful MSP430 microcontroller and enhance their embedded C programming skills.

Outcome:

Students can write embedded C programming for MSP430 microcontroller. Students get internal architecture of MSP430 microcontroller. Students can now make their final year projects using MSP430 microcontroller.

Participants:

TE E&TC students
