by

Prof. Bhagawati C. Patil

**Sandip Foundation's
Sandip Institute of Technology & Research Centre, Nashik.**

Department of Engineering Science & Humanities

**Name of the Event : YOUTH DAY CELEBRATION For SITRC
Students**

Objective of the Program

The Youth day is celebrated as a birth anniversary of Swami Vivekananda. This day is celebrated to create awareness about the great philosopher, as the future of country depends on the youth. The Youth Day was celebrated on 12 Jan 2015 on Monday in Mechanical Seminar Hall. The resource person was “**Mr. Kiran Mohite**” Sir from Mukangan. The Lecture was for First Year Engineering Student on the topic “**The secret of eternal youth arrest development**”

Outcome of the Program:- The Program encourages the Student towards the development. From the Lecture the students came to know the various ways to get success by following **3T Formula (Time, Talent, Treasure)**. They also learnt that they should not mix **Education, Career, Life Partner with each other**. They learnt that A person who faces a failures in life, Succeed most. Take up one idea, make that one idea in your life, think of it, dream of it, live on that idea. Let the brain, muscles, nerves and every part of your body, be full of that idea, that is the way of success.

Activities taken by resource person By folding a paper within 3 min students have to make a thing according to their thinking power.
