All around the world, this special day is completely dedicated to the founders, managers, designers, industrialists, innovators, administrators - anybody who has a new idea or is working on a new idea to establish a business. On this occasion, we celebrate all those who are running successful businesses, and cheers "to all those who work behind the scenes to make every business successful. Today is an opportunity to create awareness about entrepreneurship, new ideas, and leadership. August 21 is celebrated every year as World Entrepreneur's Day.

Entrepreneurs play a major role in the economic growth of any country by bringing new ideas and innovation to the market. Although the entrepreneur's idea has been there for years but the term was formally named through 18th-century French economist Jean Baptist.

He highlighted the shortcomings in his writings on Adam Smith's book while agreeing on most points. In the modern economy, entrepreneurs are honored as warriors of the open economy who brought something new to the world.

Entrepreneurship is not only for creating jobs but also an integral and very important part of problem solution.

and economic growth. Prime Minister Narendra Modi has been insisting for years that entrepreneurs need capital, courage, and conviction for success. Several initiatives and support from government and industry institutions have helped to develop and flourish the startup environment across the country.

Entrepreneurs need to have a passion for the business but not just only money. Passion actually had been stems inside the entrepreneur mind and belief that the business will be successful and can be able to influence the other people thoughts or lives. Entrepreneurs always wish, or can be said like is the motivator for entrepreneur to work success, so that they can be remembered and make some differences in other's people lives.

Entrepreneurship is the dynamic process of creating incremental wealth and innovating things of value that have a bearing on the welfare of an entrepreneur.

It provides civilization with an enormous amount of goods and services and enhances the growth of social welfare. The main importance of entrepreneurship is the creation of job opportunities, innovation, and improve the economy.

The main behind the entrepreneurship is an action-oriented and highly motivated individual who is ready to ac-

hieve goals. M. Kirzner (1973) observes entrepreneurs as: "one who perceives what others have not seen and acts upon that perception. Thus, entrepreneurs take the economy and the society that is the whole civilization to the state of progress and prosperity.

Importance of entrepreneurship are:

- 1) Growth of Entrepreneurship.
- 2) Creation of job opportunities.
- 3) Innovation.
- 4) Impact on community development.
- 5) The consequence of business failure.
- 6) Political and economic integration of outsiders.
- 7) Spawns entrepreneurship.
- 8) Enhances the standard of living.
- 9) Promotes research and development.
