Of

"Online Celebration of National Youth Day - 2022"

SANDIP
FOUNDATION

Organized by ,

Ministry of Education (MoE) Institution's Innovation Council (IIC),

Engineers Without Border(EWB),

SF IEEE Student Chapter,

Women's In Engineering (WIE)

Sandip Foundation's

Sandip Institute of Technology and Research Centre, Nashik

Aim: To Celebrate National Youth Day - 2022

Objective:

To promotes and engage youngsters in making positive contributions to society.

Venue: Online

Conducted By: Ministry of Education (MoE) Institution's Innovation Council (IIC), Engineers Without Border(EWB), SF IEEE Student Chapter, Women's In Engineering (WIE)

Name of the resource Person: Nil

Audience: Students, Faculty etc.

Outcomes:

In 1985, the Government of India declared Swami Vivekananda's birthday – January 12 - as National Youth Day in honor of the great philosopher and monk. Since 1985, this day is celebrated as National Youth Day all over India.

As we observe National Youth Day on Swami Vivekananda's birth anniversary today, let's remember him and his teachings that changed our lives for good:

Swami Vivekananda was born Narendranath Datta on January 12, 1863, in Kolkata, West Bengal. He was always inclined towards spirituality. He practiced meditation from a very early age and also joined the Brahmo Samaj movement for a certain period. One of the greatest patriots, he was also credited for introducing Indian philosophies of Vedanta and Yoga to the western world.

Ministry of Education (MoE) Institution's Innovation Council (IIC), Engineers Without Border (EWB), SF IEEE Student Chapter, Women's In Engineering (WIE) in association with the Department of Electronics and Telecommunication Engineering has organized a Quiz competition for students. More than 50 students and staff participated this online activity.

National Youth Day - 2022

The primary purpose of International Youth Day (IYD) is to draw attention to a given set of cultural and legal issues surrounding youth. The day recognizes the efforts of the world's young people in enhancing world society. Youth Day also aims to engage young people to become more actively involved in making positive contributions to their communities. Hence International Youth Day is an opportunity for governments and other agencies to draw attention to youth issues worldwide. On Youth Day, concerts, workshops, cultural events, and meetings involving national and local government officials and youth organizations take place around the world.
