Of

"Online Quiz on National Technology Day -2021"

SANDIP
FOUNDATION

Organized by ,

Women In Engineering(WIE),

Engineers Without Border(EWB)

Sandip Foundation's

Sandip Institute of Technology and Research Centre, Nashik

Aim: To celebrate National Technology Day -2021

Date: 11th May 2021

Objective:

Celebration of National Technology Day -2021 and create awareness about technology in students.

Name of the Program: " Online Quiz on National Technology Day -2021"

Venue: Online

Conducted By: Women's Grievance committee and Members of WIE and EWB

Name of the resource Person: Nil

Audience: Students, faculty etc.

Outcomes:

National Technology Day is celebrated every year on May 11 to highlight the achievements of engineers and scientists in the field of technology and science. The day acts as a reminder of the country's technological advancements. It was first observed on May 11, 1999, and aims to commemorate the scientific and technological achievements of Indian scientists and engineers.

National Technology Day holds great importance because on this particular day in 1998, India achieved multiple notable technological progressions. Every year since 1999, the Technology Development Board (TDB) commemorates the day by honoring technological innovations that have added to the national growth.

Every year, the Technology Development Board (TDB) selects a theme for each year's event, this year the theme of the National Technology Day 2021 theme is "Science and Technology for a Sustainable Future".

National Technology Day: History

Former Indian PM Late Atal Bihari Vajpayee coined this term to celebrate the contributions made by Indian scientists. May 11 is also the day when India conducted its first successful test in Pokhran. On May 11, 1998, India successfully fired the Shakti-I nuclear missile at an Army test range in Rajasthan's Pokhran. Two days later, the country conducted two more nuclear tests as a part of the same operation, following which India joined the elite club of nuclear power nations.

Apart from this, India on this day also tested its first indigenous aircraft 'Hansa-3' which flew from Bengaluru. After testing Hansa-3, India performed a successful test firing of the Trishul missile on May 11, 1998, and added another feather to the cap of the Defense Research and Development Organization.

Women's Grievance committee, Women's in Engineering (WIE) and Engineers Without Border (EWB) in association with the Department of Electronics and Telecommunication Engineering has organized a Quiz competition for students. 245 students, faculty from various colleges participated in this online activity through which we tried to create awareness of national technology and its importance.

NATIONAL TECHNOLOGY DAY

On National Technology Day, let's salute our scientists for their services & achievements in the field of Science & Technology.
