1. About the event

Event Name: SITRC Internal Hackathon for Smart India Hackathon 2022

Smart India Hackathon 2022 is a nationwide initiative to provide students a platform to solve some of the pressing problems we face in our daily lives, and thus inculcate a culture of product innovation and a mindset of problem solving. In SIH 2021, the students would have the opportunity to work on challenges faced within various Ministries, Departments, Industries, PSUs and NGOs to create world class solutions for some of the top organizations including industries in the world, thus helping the Private sector hire the best minds from across the nation.

It can help to:

- Harness creativity & expertise of students
- Spark institute-level hackathon
- Build funnel for 'Startup India' campaign
- Crowd source solutions for improving governance and quality of life
- Provide opportunity to citizens to provide innovative solutions to India's daunting problems

Internal Smart India Hackathon 2022: Preliminary selection for Smart India Hackathon 2022.

[#SIH2022](#) is a grand opportunity to showcase students' potential to the world. It will surely act as a catalyst in students' career growth.

Steps need to be followed to participate in Smart India Hackathon 2022:

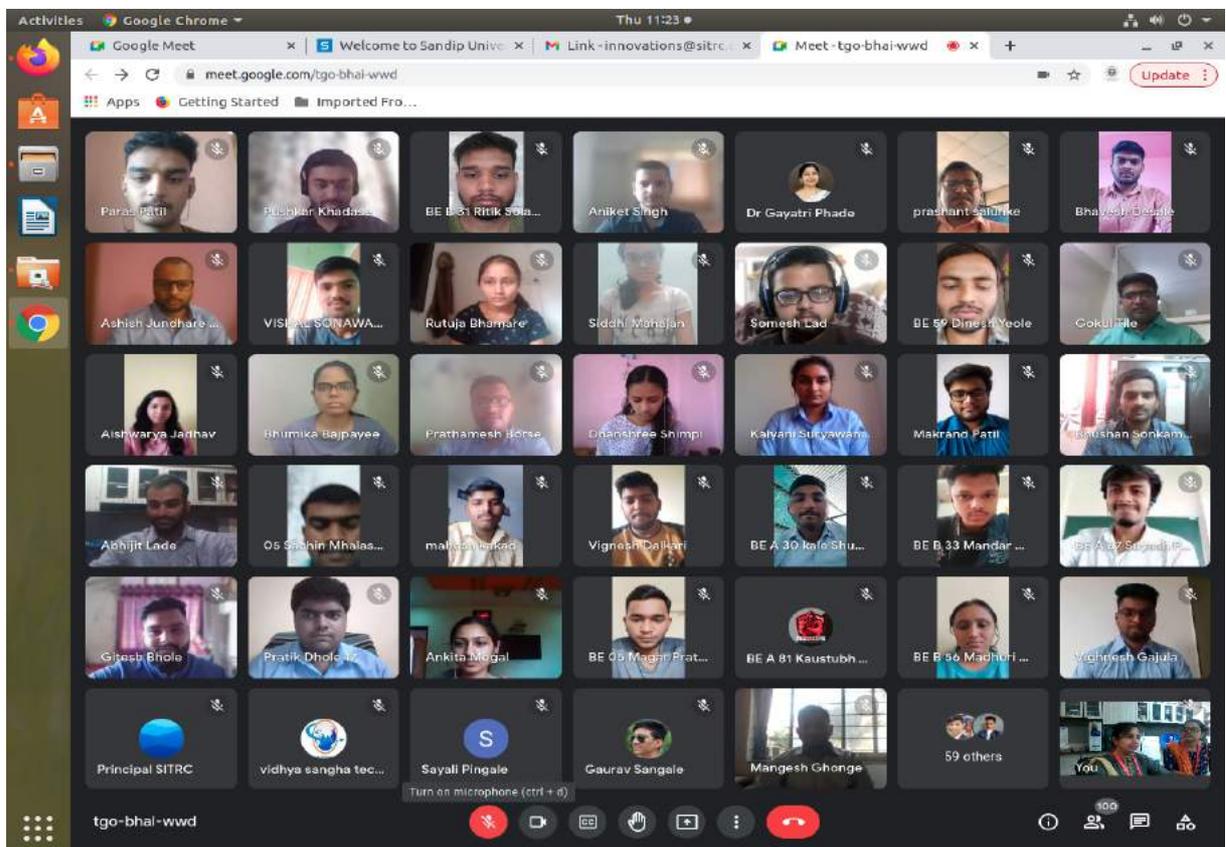

- Form team of 6 members. At least one girl member is compulsory
- Go through the problem statements available on www.sih.gov.in Select some problem statements for which team can provide solution
- Find mentor who can review your all solutions and can help you to select one problem statement which you can finalize to participate in Internal Hackathon
- Understand selected problem statement and draft the solution for finalized problem statement as per format with the help of your mentor
- Start Implementation of your solution for selected statement
- Participate in Internal Hackathon for SIH 2022
- If got selected then Participate in Grand finale of Smart India Hackathon 2022. As per schedule and venue which will be published on www.sih.gov.in website

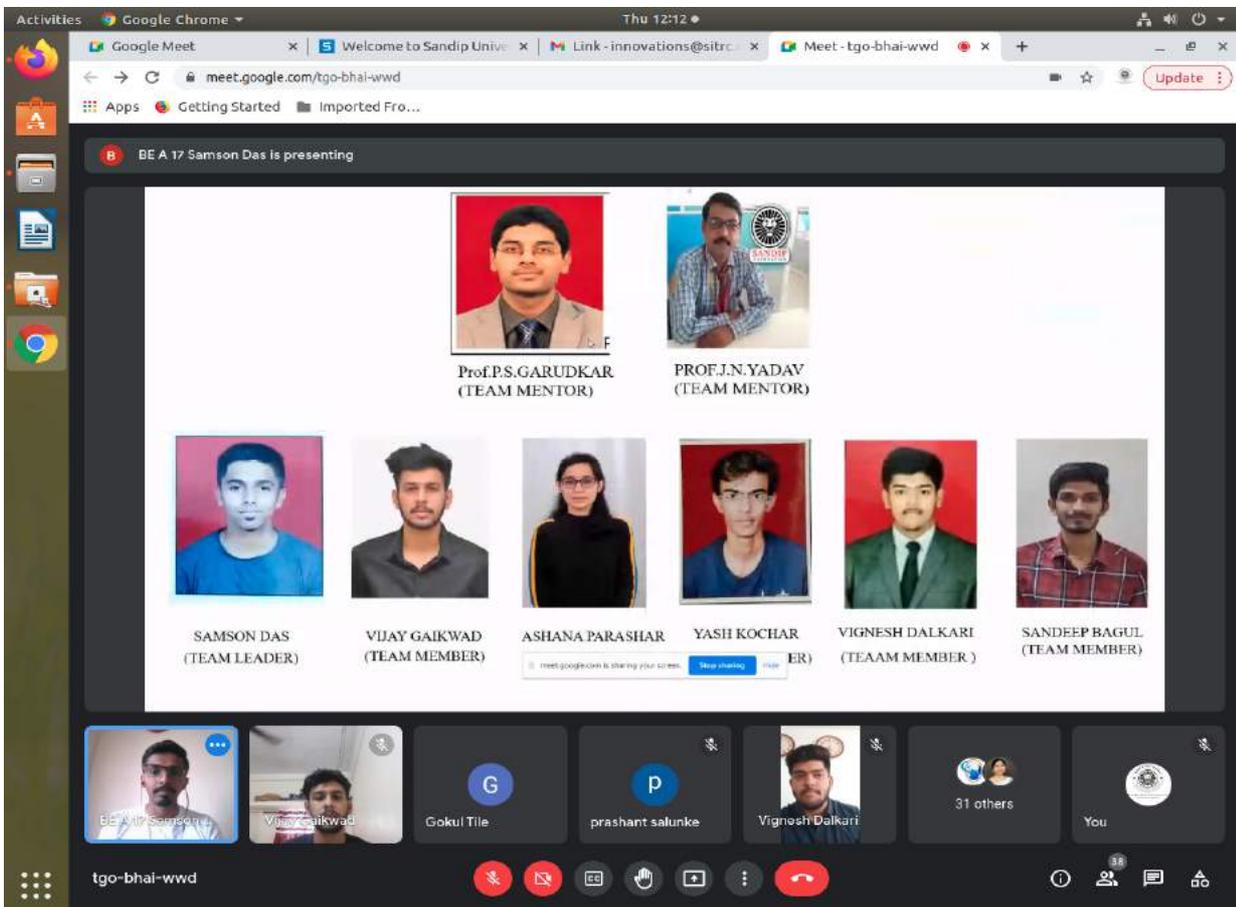

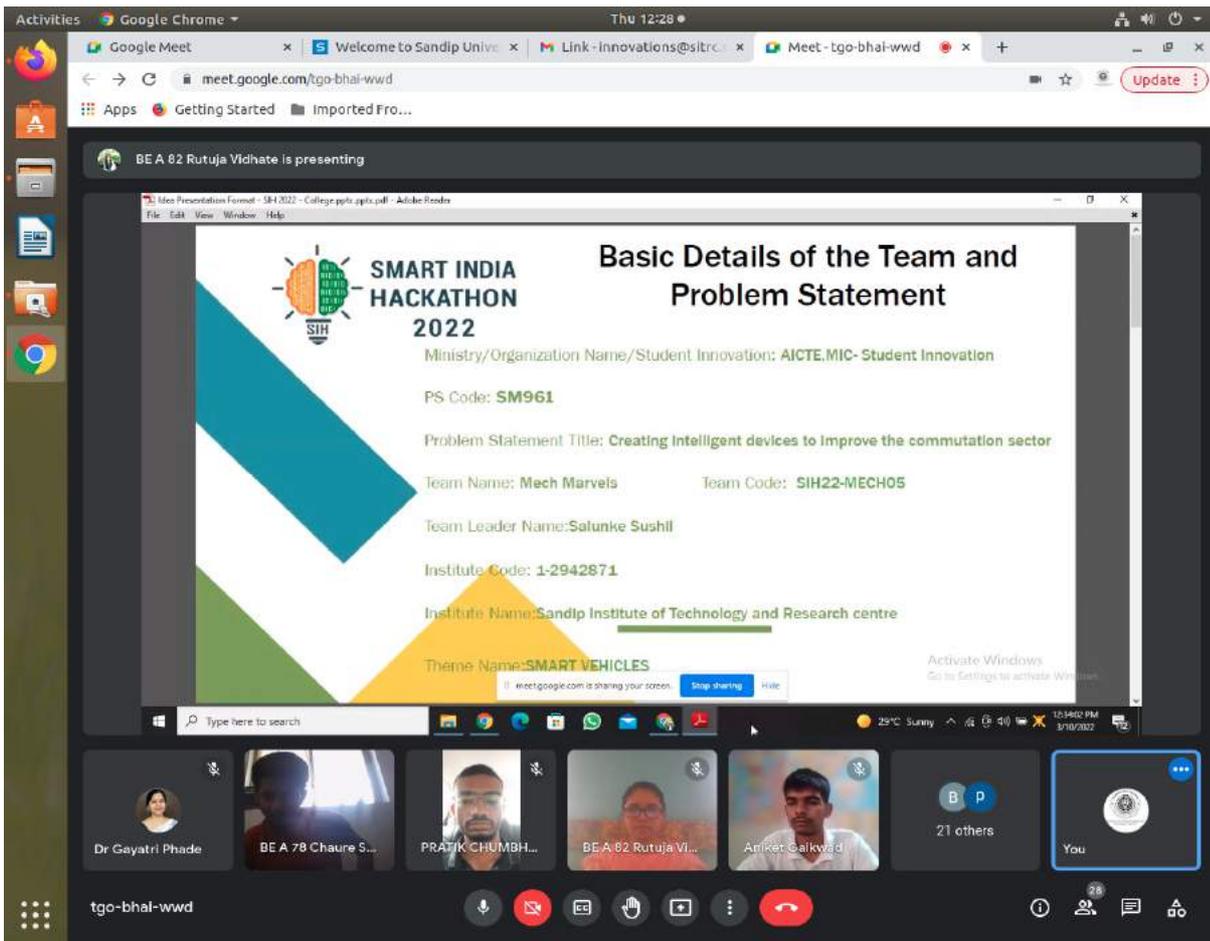

Themes of SIH 2022

<p>SMART AUTOMATION</p> <p>Ideas focused on the intelligent use of resources for transforming and advancements of technology with combining the artificial intelligence to explore more various sources and get valuable insights.</p>
<p>FITNESS & SPORTS</p> <p>Ideas that can boost fitness activities and assist in keeping fit.</p>

4. Judging process

The Internal Hackathon held at SITRC College saw 37 teams participated on the day. There was a Jury panel consisting of 3 members who were industry experts across fields. They were given the task of evaluating and assessing the ideas and prototypes presented by the participating teams. It was fascinating watching the judges talk to all the teams, spend time understanding their ideas, learning about how their thought process works and sharing their knowledge as well. The event was carried out from morning 10 am to 5 pm.

The judges evaluate the students project groups based on the following parameters:

Criteria for evaluation of student's project		
1	Idea	Novelty of the Idea, how new the idea is
2	Innovation	How innovative and ground-breaking was the idea?
3	Solves a real time problem	Is the idea trying to really solve an existing problem or is everything a visualization?
4	Practicability	Is the idea executable? Can it be carried out?

5	Complexity	How complex is the execution and utilization of the idea during application
6	Social Impact	Effect of proposed innovation onto the well-being of the community
7	Sustainability	Is the idea sustainable - considering the three pillars of sustainability - the economy, society and the environment?
8	Commercial Viability	Ability to compete effectively with its competitors and to make profit/ scalability to the business.
9	Potential of future work	Whether the idea can be worked on further for the improvement and betterment of the end product
10	Teamwork & Collaboration	Was the idea/ project a collective effort by utilizing individual expertise?

5. Judges' photos and details

Details of Judges for Internal SIH 2022
