

Sandip Foundation's
Sandip Institute of Technology & Research Centre, Nashik
Department of Mechanical Engineering
Academic Year 2021-22
Report of "Expert Lecture on Development and Basic Concepts of
the Fluid Power System"

1. **Event Title:** Expert lecture on Development and Basic Concepts of the Fluid Power System.
2. **Event Date:** 17.09.2021
3. **Event Conduction Duration:** 03.05 PM to 04.00 PM
4. **Event Venue:** Online Platform, Google meet
5. **Event Resource Person Details:** Dr. Santosh Kumar Mishra,
National Institute of Technology, Tiruchirappalli,
6. **Name of Event Coordinator:** Dr.Sachin Ghalme
7. **Event Objectives & Outcomes**
 - **Objectives of Activity:** To understand the development and basics concepts of fluid power system.
 - **Outcomes of Activity:** listener understood the development and concepts of fluid power system.
 - **8. Description of Event:**

Fluid power operated systems are playing vital role in the area of mechanical and production engineering. They are having tremendous applications I the area of mechanical engineering. The lecture was organized in view of making students aware about the development and basic concepts of fluid power systems. So, this webinar helped students to understand the basic concepts of fluid power system.

The event was attended by about 105 students along with HoD Prof. (Dr.) M.M Patil, Dean Academics Prof.(Dr.) P.R. Baviskar and departmental faculty members.
