**World Earth Day Theme 2022:**

Earth Day is an annual event, which is organized on 22 April worldwide for environmental protection. The Earth Day was started by US Senator Gaylord Nelson as environmental education.

The day was first celebrated in the year 1970, after which more than 195 countries celebrate this day today. These people celebrate each other to spread awareness about the environment. Along with this, all the countries of the

world celebrate with the aim of accelerating the efforts to save the earth from the ill effects like climate change, global warming, etc.

On the occasion of Earth Day, especially young students are explained about the environment for a better future in schools or colleges . Every year a new theme is kept on the theme of World Earth Day. This year theme is awareness about the climate change.

Hence On the occasion of Earth Day, we Department of E&TC Sandip Institute of Technology & Research center, Nashik organize a Selfie competition with the theme save earth, save climate. Conscious students Take a selfie with Tree / Nature & Create a Top Quotes /Slogans/ Wishes on HD selfie image & submit with this form. Winner will receive the e-certificate for the same.
