Event Coordinator: Mrs.Swati Khokale

Sandip Institute of Technology & Research Center, Department of Information Technology
Organized “Alumni Interaction Program” for the BE IT students on 6th November 2020. Around 30 Students attended the Program.

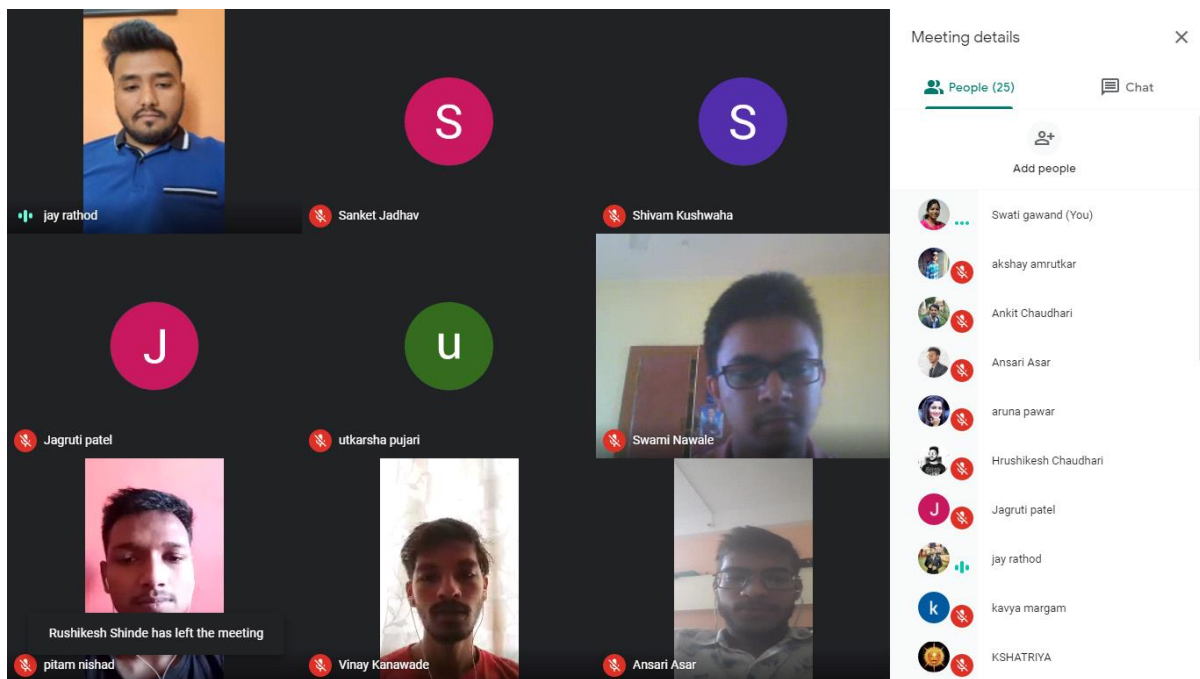

The Alumna interaction is an event for old relationships to be cherished, refreshed and new ones to be formed. The program activities are linked to the key strategic goals of the carrier, namely enhancing the Student Confidence, developing excellence in learning and encouraging students for their future.

The objective of the program is to address the students about their carrier and assisting them in

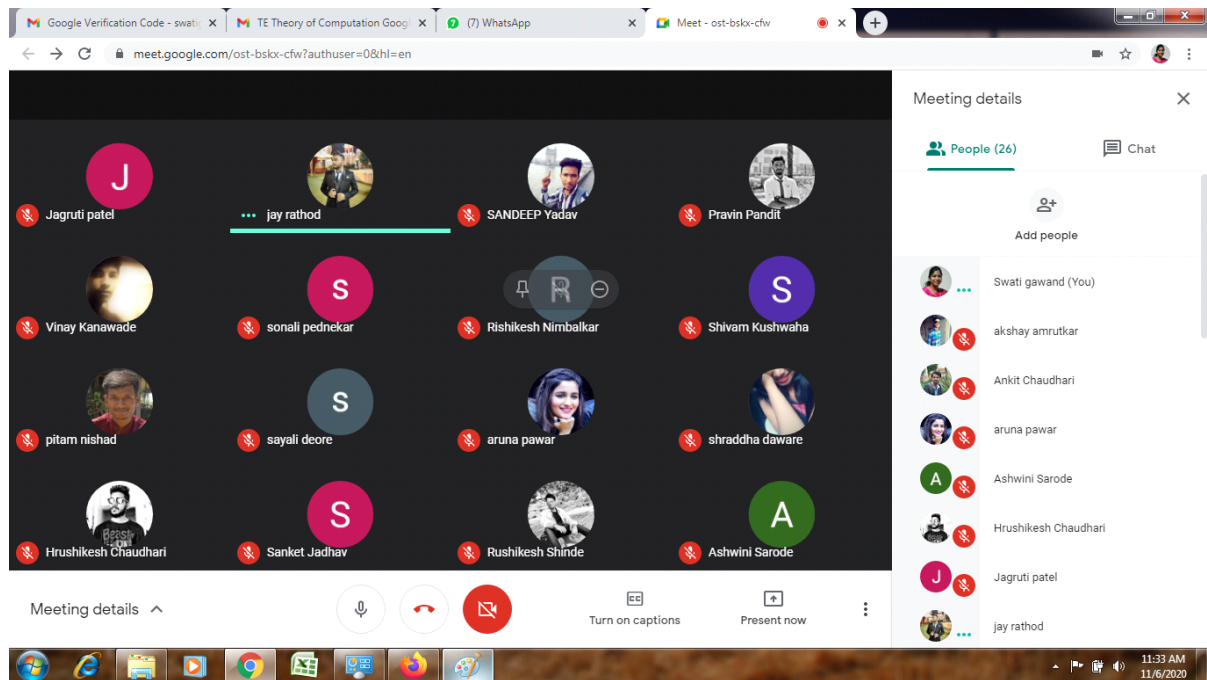

their academic journey. The Alumna addressed the students with the current market condition and with existing techniques. The alumna shared his experiences with the students, which helped the students for focusing on their aims and goals.
