**Report of "Expert Lecture on Introduction to Python Programming"**

**1. Event Title:** Expert Lecture on Introduction to Python Programming.

**2. Event Date:** 27.08.2022

**3. Event Conduction Duration:** 10.05 AM to 12.00 Noon

**4. Event Venue:** Seminar Hall

**5. Event Resource Person Details:** Prof. Sunil Kale,

Assistant Professor, Computer Engineering Department,  
Sandip Institute of Technology and Research Centre, Nashik.

**6. Name of Event Coordinator:** Dr.Sachin Ghalme

**7. Event Objectives & Outcomes**

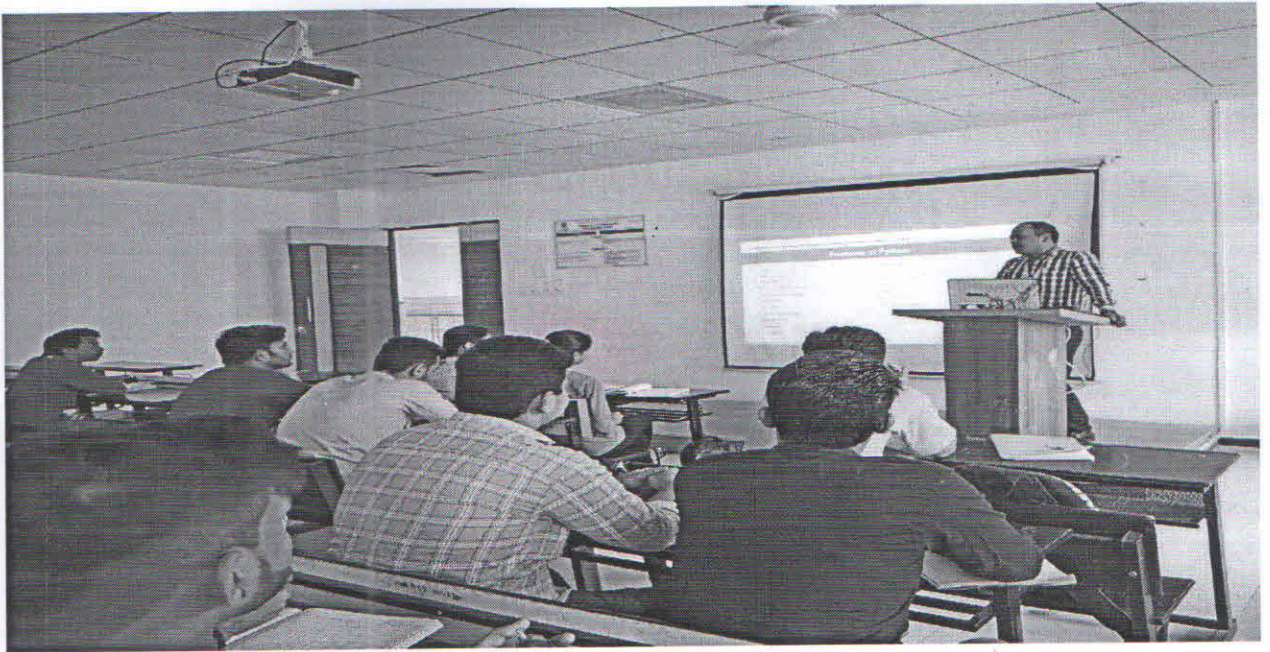

- **Objectives of Activity:** To understand the basics of Python Programming.
- **Outcomes of Activity:** listener understood the basics of Python Programming.

**8. Description of Event:**

As a part of TE (Mech) 2019 curriculum students must know the Python programming. It is expected that they should solve different numerical method with Python. So the expert lecture was arranged with intension to make students aware about the Python programming. The speaker covered the basics required for Python programming, so that students can develop simple programs on their own.

The event was attended by about 75 students along with HoD Prof. (Dr.) M.M Patil, Dean Academics Prof.(Dr.) P.R. Baviskar and departmental faculty members.
