Seminar Event Report

Activity planned	Activity conducted	Date of conduction	Speaker/Organizer	Target Audience
1 st week of april 2022	Routing & Switching	04/04/2022	Mr. Dhananjay Patankar	B. E. I. T & T. E. I. T.

Activity photos

Now a days network is present everywhere and there are various algorithms and protocols used to establish such a network. So to make aware about the increasing technology in the world of network the department of Information Technology & Computer Science has organized a seminar on Routing and Switching by “Dhananjay Patankar” from “Networkers Academy”, Nashik. He gave a brief introduction about routing and switching algorithms that are used in current system. He also guided the students about the various certified courses that are useful to the students.
