### Name of Program: Drafting of Patent Content Workshop

**Date:** 6th Feb 2023

**Resource Person :** Dr. Ushoshi Guha (Advocate, Patent and Trademark Attorney )

**Staff Coordinator:** Prof. V. K. Barbudhe

### Name of Student Coordinator :

- 1.Khushi Mehata
2. Ananya Sakhare
3. Kartik Zope
4. Nikhil Dengale
5. Sahil Shinde

**Venue:** Computer Seminar Hall (C Building)

**Aim:** To provide for cooperation in information and documentation from and for patents and to exchange knowledge and experience.

### Objectives:

- 1.To provide protection of creativity of creators
- 2.To promote the creativity of creators.
- 3.To accelerate the technological and industrial development of the country.
- 4.To provide the exclusive right to invention and affords protection against unauthorized use of invention by third parties.
- 5.Understand the meaning of specifications.

(Approved by-AICTE, New Delhi, & Govt. of Maharashtra and Permanently Affiliated to Savitribai Phule Pune University (Formerly Pune University), Pune.

Accredited with “A” grade by NAAC With CGPA Score of 3.11

NBA Accredited for Computer & Mechanical Engineering(UG Course)

### Outcomes:

#### 1. Proficiency in Patent Drafting:

Participants gain the knowledge and practical skills required to effectively draft patent applications, including understanding the intricacies of patent claims, specification, and drawings.

Workshop attendees demonstrate their ability to draft a patent application for a simple invention during the workshop's practical exercises.

#### 2. Improved Understanding of Patent Law and Regulations:

Workshop participants develop a comprehensive understanding of patent laws, regulations, and patent office guidelines relevant to their jurisdiction.

Attendees can identify and discuss key legal requirements and patentability criteria for inventions in their respective fields.

#### 3. Enhanced Patent Strategy Development:

Participants learn how to align patent drafting with broader business and innovation strategies, helping them make informed decisions about the scope and timing of patent applications.

Workshop discussions and exercises encourage participants to consider the strategic aspects of patent drafting, such as filing strategies and portfolio management.

#### 4. Effective Communication with Patent Attorneys:

Attendees become proficient in communicating their inventions and ideas to patent attorneys or agents, ensuring that the drafted patent applications accurately and comprehensively cover the invention.

Participants demonstrate improved ability to collaborate with legal professionals, effectively conveying technical details and nuances.

### 5. Intellectual Property Awareness:

Workshop participants leave with an increased awareness of the value of intellectual property and its role in innovation, business development, and protecting inventions.

Participants express a heightened appreciation for the importance of intellectual property in their professional endeavors.

### 6. Networking and Collaboration Opportunities:

The workshop provides a platform for participants to connect with like-minded professionals, potential collaborators, and experts in the field of patent drafting.

Attendees engage in discussions, exchange contact information, and express interest in future collaborations or knowledge-sharing.

Participants learned how to convert a project into a product

### Summary Report of Drafting of patent Contents

Department of Artificial Intelligence and Data Science Engg. Organized Expert Lecture on 'Drafting of Patent Content' delivered by Dr. Ushoshi Guha (Advocate, Patent and Trademark Attorney) for SE AI&DS students. The programme began with the introduction of the eminent guest by Prof. V. K. Barbudhe. The guest was felicitated by Dr. Naresh Thoutam, HOD, AI&DS department. Felicitations of guests followed by a very insightful lecture from our guest speaker, Dr. Ushoshi Guha. He explained various topics related to Drafting of patent Content.
