

**Activity Report
of**

**Examination and Evaluation in
Autonomy**

A.Y. 2023-24

**SANDIP
FOUNDATION**

Organized by ,

Sandip Foundation's
Department of Engineering Sciences and Humanities
Sandip Institute of Technology and Research Centre, Nashik (MS)
DTE Code: 5109

Date : 1st September 2023

Name of Program : Examination and Evaluation in Autonomy

Resource Person : Prof. (Dr.) Satyajit V. Kasar

Event Coordinator : Assistant Prof. Vandana P. Chitodkar

Participants : Faculty Members of ESH department

No. of Participants : 25

Venue : A- Building, CR 2

Aim :

The aim of this program is to empower teachers with the autonomy to design, conduct, and evaluate examinations effectively.

Objective :

- Empower teachers to have control over the examination and evaluation process, enabling them to align assessments with the curriculum and teaching methods effectively.
- To provide information about Chemistry is an important fundamental topic for civil engineers, *e.g.* in understanding the properties of building materials, the natural environment
- Ensure fairness and accuracy in evaluating students' performance by allowing teachers to design assessments that cater to diverse learning styles and abilities.
- Facilitate a feedback loop where teachers receive input from students and peers, enabling continuous improvement in examination and evaluation methods.

Outcomes :

- Autonomy fosters creativity and enthusiasm among educators, leading to a positive impact on classroom dynamics.
- Teachers experiment with various assessment methods such as project-based assessments, peer evaluations, and real-world problem-solving tasks, leading to a more holistic evaluation of students' skills and knowledge.
- The use of innovative assessment methods increases student engagement and participation, making the learning process more interactive and enjoyable.
- Teachers, through autonomous assessment, identify individual student strengths and weaknesses, allowing for personalized guidance and support.

Summary of Program:

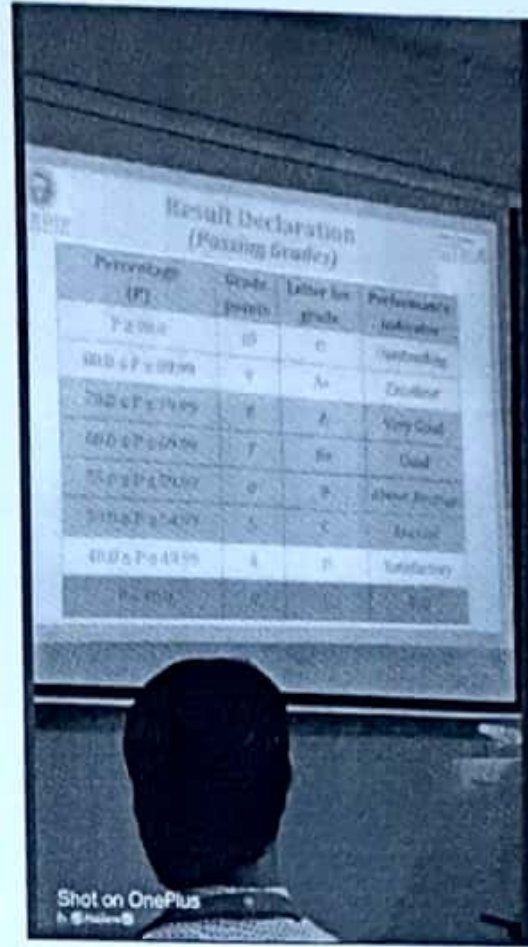

Dr. S.V. Kasar Sir, Explained the detail concept about Autonomy Syllabus and Examination patten viz., CIA1, CIA2, CIA3 AND CIA4, ESE, and activity that should be conducted within semester like presentation of topics . Sir also explained the Rubrics essential for evalutaion of answers.

The Examination and Evaluation under Autonomy for Teachers activity successfully empowered educators to take control of the assessment process, leading to improved student outcomes and a more engaging learning experience. By encouraging innovative assessment methods and providing a platform for teacher feedback, the activity not only enhanced the quality of education but also created a positive and inclusive learning environment. The data collected from these assessments has been instrumental in shaping future teaching strategies and curriculum development, ensuring a continuous cycle of improvement. Through this initiative, the institution has taken a significant step towards creating a student-centered, adaptive, and effective educational system.
