

Report on Tree Plantation Campaign on occasion of 154th Mahatma Gandhi Jayanti Celebrations

Event Date: 2nd October 2023

Event Conduction Duration: 10.00 am to 5.00 pm

Event Venue: Electrical Engg. Dept, E Building, SITRC

Name of Event Co-coordinator: Prof. G. G. Akotkar

No of Participants: SE, TE, BE Students

Description of Event

Introduction: In honour of the 154th Mahatma Gandhi Jayanti, a tree plantation campaign was organized on 2nd October 2023 by Electrical Engineering Department, SITRC, Nashik in collaboration with local environmental groups, college, and volunteers. The event aimed to pay tribute to Mahatma Gandhi's legacy by promoting environmental sustainability and raising awareness about the importance of tree plantation in mitigating climate change.

Highlighting the significance of Mahatma Gandhi's teachings in today's world, especially regarding environmental conservation. The campaign attracted a large number of participants, including students, teachers, community leaders, and nature enthusiasts.

Tree Plantation Activities: Participants were provided with tree saplings of native species, carefully chosen to thrive in the local ecosystem. Guided by experienced environmentalists, volunteers enthusiastically planted the saplings in designated areas around the venue. Demonstrations on proper planting techniques were given to ensure the saplings had the best chance of growth.

To educate the participants about the vital role trees play in maintaining ecological balance, workshops and talks were organized. Experts discussed topics such as the importance of preserving biodiversity, the impact of deforestation on climate change, and sustainable practices for tree care. Interactive sessions allowed attendees to ask questions and actively engage with the experts.

Conclusion: The tree plantation campaign on the occasion of the 154th Mahatma Gandhi Jayanti celebrations proved to be a resounding success. It not only honored the ideals of Mahatma Gandhi but also inspired the community to take concrete steps towards environmental conservation. The event demonstrated the power of collective action and
