8. **Description of Event:** Automation & Robotics Department organized Session on "Intellectual Property Rights (IPR)" for SE Automation and Robotics Students on 27th Mar. 2023.

This event had overwhelming response; the session conducted for the students was fulfilled with the details to entrepreneurship. Entrepreneurship Development Programme (EDP) is a programme which helps in developing entrepreneurial abilities. The skills that are required to run a business successfully is developed among the students through this programme. Sometimes, students may have skills but it requires polishing and incubation. This programme is perfect for them. This programme consists of a structured training process to develop an individual as an entrepreneur. It helps the person to acquire skills and necessary capabilities to play the role of an entrepreneur effectively. EDP is an effort of converting a person to an entrepreneur by passing him through thoroughly structured training. An entrepreneur is required to respond appropriately to the market and he/she is also required to understand the business needs. The skills needed are varied and they need to be taken care in the best possible way. EDP is not just a training programme but it is a complete process to make the possible transformation of an individual into an entrepreneur. This programme also guides the individuals on how to start the business and effective ways to sustain it successfully.
