Visit of Dr.Dipak Patil at Belarusian National Technical University Minsk Belarus

Venue: BNTU, Minsk Belarus.

Date: 22-23 May 2023

Belarusian National Technical University hosted negotiations between the Belarusian and Indian sides at the end of the visit of the Director of the Sandip Foundation Deepak Patil. BNTU was represented by Vice-Rector for Academic Affairs Yury Nikolaychik, as well as faculty members, including Dean of the Faculty of Instrument Engineering Alexander Svistun, Dean of the Faculty of Energy Yevgeny Ponomarenko, Dean of the Faculty of Information Technology and Robotics Andrei Avsievich and Dean of the Faculty of Mechanical Engineering Andrei Safonov.

The talks began with a presentation by Dr. Dipak Patil sir. Thus, Dipak Patil familiarized the employees of BNTU with the history, infrastructure, and scope of the Indian university, and noted the achievements in scientific and technical fields. In addition, information was provided on the international cooperation of the educational institution.

During the meeting, the Indian side proposed joint educational programs in the fields of information technology and computer engineering. The issue of academic exchange between universities was also discussed. As a result, both parties have identified key areas of cooperation, which include the creation of a joint center of excellence, as well as a center for the study of Russian as a foreign language based on the Sandip Foundation.

Dipak Patil was met by Dean of the Faculty of Sports and Technology Ivan Belsky and Head of the Department of Physical Education Regina Zimnitskaya at the sports and recreation complex "Polytechnic ". Faculty members showed the guest the main sports facilities and the BNTU Sports Glory Museum.
