

Faculty Name: Dr. Prashant Sunagar

Designation : Associate Professor

Mail ID : prashant.sunagar@sitrc.org

BIO

I am currently an Associate Professor in the Civil Engineering Department at Sandip Institute of Technology and Research Centre, Nashik, having completed my Ph.D. at Visvesvaraya Technological University (VTU) in 2022. Previously, I served as an Assistant Professor and Dean of Training and Placement at Sanjeevani College of Engineering, Kopargaoan, and accumulated 11 years of teaching experience at Ramaiah Institute of Technology, Bengaluru. My career highlights include securing 20 lakh in research funding, publishing 51 research papers, presenting 33 at international conferences, and holding 35 granted Indian Design Patents with 30 more applied. I have been instrumental in establishing several Centers of Excellence and virtual laboratories, contributing to educational and research advancements. My role with the National Board of Accreditation (NBA) has involved evaluating and coordinating programs, leading to improved educational standards and rankings. Recognized with the Innovation Global Scientific Research Educationalist Award in 2022, I also serve as a Board Examiner and Studies Member for PES College of Engineering, Mandya. My ongoing commitment is towards fostering knowledge, innovation, and excellence in Civil Engineering.

Qualification:

- BE (Civil Engineering)
- M Tech (Structural Engineering)
- Ph.D. (Civil Engineering Sciences)

Experience:

- Teaching experience : 13
- Industry Experience : 01

Subjects:

- Earthquake Resistant Design of Structures
- Reinforced Concrete Technology
- Computational Structural Mechanics
- Engineering Mechanics (Applied Mechanics)
- Advances in Concrete Technology; Special Concrete
- Building Construction and Materials
- Alternative Buildings Materials and Technologies,
- Construction Materials and Management
- Advanced Foundation Engineering / Foundation Technology
