Title: Program on “Teachers Day-2024”

Date: 05th SEPT 2024.

Event Conduction Duration: 01 Day.

Venue: Computer Engg. Department, SITRC (Seminar Hall C Building)

Resource Person Details: Dr. Ankita Karale, HOD, Computer Dept.

Name of Event Coordinator: Prof. Aashish Jagneet

Participants: SE, TE, BE Students and Staff (Computer Department)

Aim:

To appreciate the role played by teachers in the life of students

Event Objectives:

- To enhancing quality learning, working for the benefit of the whole community.
- To provide learning on the go, improving and maintaining their well-being.

Event Outcomes:

- Students earn to be confident from teachers.
- To face a lot of challenges and improve ourselves and always try harder to make you a better person.

Description of Event:

Teacher's Day is celebrated in India every year on 5th September to appreciate the role played by teachers in the life of students—the leaders of tomorrow. The day is also celebrated to pay tribute to Dr.Sarvepalli Radhakrishnan, former President of the country and a visionary educator. Teachers provide the power of knowledge and education and create possibilities for better future.

Computer Department students of Sandip Institute of Technology & Research Center, Nashik celebrated this day with great enthusiasm in Computer Department seminar hall on 5th September, 2024. The whole event was planned by **Prof. Aashish Jagneet and CESA committee students**.

The program was attended by all the staff members of Computer Engineering department, student of Second year, Third year and final year Computer Engineering. Committee CESA & **HOD Dr. Ankita Karale** graced the occasion with their presence.

The program commenced with a shloka recital & Anchoring by CESA Students, The HOD ma'am in her address urged the teachers to add value to their pedagogy through experimental learning. She also motivated all students of engineering through her speech on Teachers day.

To make this Teacher's Day unique and memorable, this year, we decided to put a twist on the usual celebration. Instead of just appreciating our teachers, we want to foster a culture of learning and collaboration, where students also become teachers for a day. Several students from different semester have come forward to conduct mini-lessons on various subjects. This not only helps us understand the effort teachers put into planning lessons but also showcases the talent and potential within our student body.

Games and Activities:- Today's celebration isn't just about learning; it's also about fun and bonding. To create a joyous atmosphere, they have organized some exciting game and activities for teachers are enjoy together.

Musical Chair:- This game is a fun twist on musical chairs. Teachers are dance around a circle of chairs, and when the music stops, they must quickly find a chair to sit in.

Also Students decorated the college campus with the decorative items on the eve of Teacher's day and the faculties were welcomed warmly. Each of the faculties was given a gift as a token of gratitude to show the acknowledgement and recognition of the hard work put by the teachers towards their development, wishing them a Happy Teachers Day.

Teachers Day @ SITRC Computer Engg Dept., was celebrated with a lot of anticipation, for the sheer spirit of the occasion. The event was concluded by the reviews of Principal Sir, Dean Sir, Head of the Department and all the faculties.

All in all, it was celebration mode for everyone!

At Last Dr. Ankita Karale maam in her address appreciated the efforts put in by the teachers and all the students of Computer Engineering department.

All staff & students enjoyed the delicious snacks and cold drink after the program.

The entire program was applauded by everyone present and will always remain a beautiful memory in the hearts of one and all present.
