FOUNDATION

(An autonomous institute permanently affiliated to Savitribai Phule Pune University, Pune)

Organized by,

Sandip Foundation's

Sandip Institute of Technology and Research Centre, Nashik (MS)
Department of Engineering Sciences and Humanities

DTE Code: 5109

Flyer of the Event:

Name of Event: "The Parent-Teacher Meeting"

Event Coordinator: Asst. Prof. S. K. Ahire

Participants: FYB.Tech Students (ESH Department) and their parents

Aim:
The primary aim of the Parent-Teacher Meeting (PTM) was to foster stronger collaboration between parents and teachers, create an open channel for communication, and work together towards the academic and personal development of students.

Objective:
- To provide parents with insights into their child's academic performance, behavior, and overall development.
- To listen to parents' concerns or suggestions about school policies, teaching methods, and student welfare.
- To discuss ways to support students' academic progress and set achievable learning goals for the upcoming term.

Outcomes:

- The meeting successfully created a stronger line of communication between parents and teachers, enabling them to collaborate on addressing students' academic and emotional needs.
- Several parents provided valuable feedback regarding the curriculum, extracurricular activities, and the school environment. These suggestions will be considered for future improvements

Summary of Program:

Teachers presented an overview of students' progress in various subjects, highlighting any areas where improvement was needed. Teachers discussed student behavior, social skills, and emotional development. Tips on nurturing positive behavior both at home and in school were shared with parents. The Parent-Teacher Meeting was a productive event that reinforced the collaborative relationship between parents and the institute. By focusing on both academic progress and emotional development, the meeting helped identify key areas for improvement and fostered a positive environment for mutual growth. Going forward, the school plans to organize similar meetings on a regular basis to ensure continuous support for students' well-being and academic success
