### **About Institution**

Growth and acumen is the soul of Sandip Foundation. We began our educational journey in 2008 in Nashik on 250 acres of pleasantly green campus surrounded by mystic mountains in the vicinity of Trimbakeshwar. Sandip Foundation has audio-visually equipped classrooms, sophisticated laboratories and workshops, Cafeteria, sports and gymnasium of international standards and well-furnished Hostels for girls and boys.

The primary aim of Sandip Foundation is to produce technically trained and dynamic human resources that can contribute to society particularly through Engineering, Management and Technology.

### **Department of Artificial Intelligence and Data Science Engineering:**

The department has highly qualified, experienced & motivated faculty members. The department has laboratories with the latest Configuration desktop , Software and Practical kits. Artificial Intelligence and Data Science (AI & DS), aims the students to acquire technical skills to perform data analytics, develop robotics automation systems and visualization in emerging real-time applications. Program envisions equipping students with the ability to identify and assess societal, health, safety and cultural issues with an emphasis on identifying their consequent responsibilities as engineers of offering optimal and effective solutions. The department is well equipped with state-of-the-art infrastructure to empower the students with the state of art technologies.

### **Objectives of the Workshop Program:**

The purpose of organizing a blood donation camp is to motivate people to donate blood and social works. The purpose of blood donation camp is to select a suitable donor whose blood will be safe to the recipient and who himself shall not in any way be harmed by blood donation.

**Aim:** The purpose of organizing a blood donation camp is to motivate people to donate blood and social works. The purpose of blood donation camp is to select a suitable donor whose blood will be safe to the recipient and who himself shall not in any way be harmed by blood donation.

A Blood Donation camp was organized on campus on Wednesday, January, 2024 by the AI & DA Department. The camp took place in Mechanical Seminar Hall (D Building). The Chief guest was Principal sir. A motivating and positive vibe given by our Principal and HOD of AI & DS dept. to our students and volunteers which contributed a lot to our successful event. Our supporting partners were NAVJEEVAN BLOOD BLANK for the successful blood donation camp event. Today, India faces a blood shortage of 3 million units. The problem can be addressed if an additional two percent of Indians donate blood, as opened by Health experts. We need 12 million units of blood every year but just about nine million units are being donated. Our College has been religiously organizing blood donation camps every year and students and faculty members come forward voluntarily to donate blood. Blood donation can save the lives of innumerable persons. Donation of blood is very critical and crucial for saving the lives of many patients and those who have met with accidents. It is such a great service or contribution to the society and people living in it. A total of 76 people came forward, but only 65 were eligible to donate blood, 11 got rejected due to Blood pressure or hemoglobin issues. Tests were done to identify their eligibility, before actual donation, also helped all donors to know the status of their health, (above 45kg person eligible). All donors were treated with excellent care before and after donating. Refreshments were provided to all donors. Those donors who felt dizzy after the procedure, were taken care of immediately by the AI & DS Committee. It was a successful event that gave
