Activity Report Of Sports

(Football)

(2023-2024)

Sandip Institute of Technology and Research Centre, Nashik

Department of Artificial Intelligence & Data Science

Name of Programme: Football

Date: 30/01/2024

Event Coordinator: Prof. Rahul Raut

Participants: Students from various colleges

Venue: SITRC, Nashik.

Aim: The aim of football is to score more goals than your opponent in a 90 minute playing time frame.

Objective: Football is played by two teams on a large rectangular shaped grass field. There are two goal posts on both ends of the breadth of the field. Both the teams vie for the ball by tackling each other and try to kick the ball into the opponent's goal post. The goalkeeper can only stop the ball with hands within a restricted area around the goal post. Rest of the players have to play by kicking the ball and passing it within teammates.

The objective of a football team is to score a goal more than their opponent and win the game. A goal is scored when the ball passes the goal line. Players can use any part of their body to score the goal but not their hands.

Outcomes: Football is the most popular game all over the world. It is an inexpensive game, played in almost all the countries with much interest. Players, who practice it regularly, benefit in many ways. It provides lots of benefits to physical and mental health.

Summary Report of Sports

Football is an outdoor Sport and also a national level. It is hosted by the Artificial Intelligence Students Association, SITRC, Sandip Foundation, Nashik, from 2023- 2024.

Rules of Playing Football

Rules of playing the football game are officially called Laws of the Game. There are almost 17 rules of playing this game under two teams:

- It is played in a rectangular field with two long sides (touch lines) and two shorter sides (goal lines). It is played in a field divided by a halfway line.
- Football must be round in shape (made of leather) with 68-70 cm in circumference and filled with air.
- It has two teams of 11 players each. Once cannot start this game if any team has less than 7 players.
- There should be a referee and 2 assistant referees to ensure the Laws of the game. Assistant Referees.
- This game is of 90 minutes duration with 2 halves of 45 minutes each. Interval should not exceed more than 15 minutes.
- A ball becomes in play all time however becomes out of play whenever a team has scored a goal or the referee has stopped the game.
- There is a goal kick to restart the play after a goal is scored.
